

# LEARN HOW OCCUPATIONAL THERAPISTS CAN SUPPORT YOUR AUTISTIC CHILD

*For parents and carers*

Support sensory  
overwhelm

Experience  
calmness through  
sensory stimuli

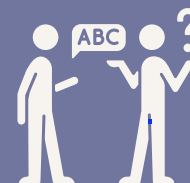

Supports posture,  
coordination and  
motor planning

Provide the right  
sensory  
opportunities

Provide support  
about the best  
environment

Remove barriers  
to learn

Improve  
emotional  
wellbeing

Provide advice  
and  
interventions

Reduce the child's  
anxiety and  
exhaustion
